

Help Out on State Natural Areas

Waubesa Wetlands Workday

Join the new volunteer effort to restore Waubesa Wetlands!

Waubesa is known for its large, high quality wetlands and spring complexes. With increased prescribed burning and brush control DNR crews and volunteers have increased efforts to improve this site. This workday will focus on removing invasive garlic mustard on an oak ridge overlooking the meadow. Some areas will have sloping and uneven terrain. No skills needed you will be trained onsite.

[Info about Waubesa.](#)

Date: May 5

Time: 9- 12 pm

Directions: From the intersection of U.S. Highway 14 and County Highway MM south of Madison, go south on MM 1.3 miles, then east on Goodland Park Road 0.9 mile, then south on Lalor Road 0.8 mile to a small parking area east of the road. [Google map.](#)
